CELEBRATING 20 YEARS AS ORANGE COUNTY'S PREMIER NEWCOMER WELCOME SERVICE

How is Welcome Express different from other welcome services?

As a local business, we work closely with local civic and community organizations — in addition to the sponsors — so that our total offering adds value for both the new resident and the sponsor. As a result, the Welcome Express package is the largest, most comprehensive package of its type new residents will receive after their move.

Accelerating the link between new residents, local businesses, city resources and city leadership helps foster that all important “sense of community” we all strive for.
